OUTLINES.

Yesterday witnessed a disturbing increase in yellow fever cases in New Orleans, 60 new cases being reported, making 625 in all; the death roll is now 117; New Orleans groans under the stringent quarantines of the interior and the State will take action to ameliorate the conditions, as no one can leave the scene of pestilence——The Russian and Japanese peace potentiaries received an ovation at Portsmouth, N. H., yesterday; the first session of the convention will be held Thursday or Friday——The steamship Kershaw from Baltimore to Boston, caught on fire at sea and a valuable cargo of cotton, tobacco and lumber was badly damaged——At Albany, N. Y., yesterday a big department store collapsed, killing probably 50 employes and injuring many——St. Thomas Episcopal church, New York, one of the most richly furnished churches in America, was converted into a heap of ruins by fire yesterday; valuable paintings and bas relief, some works valued as high as $50,000 each, were burned; total loss $250,000——In a frightful railroad accident in Prussia on Monday, 20 persons were killed, including a son of Prince Henry——New York markets: Money on call steady at 2 per cent., closing bid and offered at 2; spot cotton quiet at 10.85c; flour steady; wheat easy, No. 2 red, 97 1-4; corn firm, No. 2, 62 3-4 elevator; oats steady; wheat easy, No. 2, red, 91 1-4 tine firm, 63 1-2 to 64 asked; rosin quiet.

WEATHER REPORT.

U. S. Department of Agriculture, Weather Bureau,
Wilmington, N. C., Aug. 8, 1905.

Meteorological data for the 24 hours ending 8 P. M. yesterday.

Temperature at 8 A. M., 81 degrees; 8 P. M., 75 degrees; Maximum, 86 degrees; Minimum, 72 degrees; Mean, 79 degrees.

Rainfall for the day, .43; rainfall since 1st of month to date, .48.

Stage of water in Cape Fear river at Fayetteville at 8 A. M., today (Tuesday) 3.2 feet.

PORT ALMANAC—Aug. 9.

Sun Rises .....5:13 A. M.
Sun Sets .....6:56 P. M.
Day's Length .....13 hrs. 50 min.
Hight Water at Southport..2:25 A. M
High Water at Wilmington.4:55 A. M

Weather Forecast.

For North Carolina—Showers Wednesday; Thursday partly cloudy and warmer; light to fresh east to south winds.

A United States Senator's convictions are not necessarily those which he entertains on public questions.

Burglary is a hanging offense in North Carolina but generally nothing is done with the fellow who breaks into a conversation.

"Fear is yellow fever's strongest ally," says the Washington Post. Is this a reflection on the efficiency of the feminine mosquito with the unpronounceable name?

The schedule of the street cars has slipped its trolley; and those who wish to ride stand on the corners and near the red poles and while away the time humming the air of the old song, "I wait for the Wagon."

The Washington Peace convention is now doing business at Portsmouth, N. H. If the Jap plenipotentiaries cannot convince the Russian representatives that Russia is licked, Gen. Kuropatkin ought to be called in as a witness.

In the monthly report of the Superintendent of Health for July he reports the births in the city as "9 whites and 35 colored." Is President Roosevelt's "race suicide" proposition obtaining a foothold in Wilmington?

The newspapers keep on making a great ado because Baron Komura carries sixty trunks. Oh, well he had to bring along sufficient clothing to convince M. Witte that if Russia does not believe she is licked Japan is still prepared to give her a good dressing.

A cablergram from Manila states that the people of the Philippine Islands are dissatisfied with Governor General Leonard Wood's administration. Gen. Wood has the satisfaction of knowing that he put many of the Filipinos where they can't raise a kick.

Although the President directed the United States Marine Hospital Service to take charge at New Orleans, it could not do so except on condition that New Orleans raised $250,000 for expenses. This shows that if New Orleans were not able to raise the money, she would have had no Federal control of the situation. Something wrong somewhere.

STRANGE CONFLICT

County Sanitary Board and Audubon Society Authorities Likely to Clash

MARTINS AT WRIGHTSVILLE

Declared to Be Menace to Health, and Atlantic View Owner Granted leave to Exterminate The Pests.

An interesting conflict of authority promises to develop between officers of the local Audubon Society and the County Sanitary Board as the result of action taken by the latter body at a special meeting yesterday afternoon with reference to the extermination of the field martins that have taken possession of the grove in front of the Atlantic View hotel and cottage property on Wrightsville Sound, and have created a nuisance about the premises. At the special meeting of the County Sanitary Board yesterday the presence of the martins in such phenomenally large numbers was declared, upon the statement of Dr. W. D. McMillan, superintendent of health, the producing cause of a nuisance upon the property and Capt. Hanby, proprietor of the place, was authorized to take such steps as are necessary to exterminate the pests.

When informed of the action of the County Sanitary Board and the means that would necessarily have to be employed to abate the nuisance, County Game Warden E. H. Freeman and Brooke G. Empie, Esq., counsel for the local Audubon Society, said most emphatically that any effort toward wholesale killing of the birds would meet with vigorous prosecution under the game laws of the State, regardless of the action of the county board. The game warden signified his purpose to look closely after the matter and to immediately prosecute any violations of the law, taking the cases to the Superior Court instead of allowing them to be dismissed with a nominal fine before a magistrate as was done in the cases last week.

Capt. Hanby came up to the city Monday and asked that the County Sanitary Board meet to take some action to abate the nuisance, declaring the conditions at the sound a menace to the public health. The Board met at 3 o'clock yesterday afternoon; present Chairman D. McEachern, Commissioner M. W. Divine, Drs. R. H. Bellamy, E. J. Wood and W. D. McMillan, the latter being county superintendent of health. The chairman stated that the meeting had been called to investigate complaints as to the health conditions surrounding the residence of Capt. Jno. H. Hanby, on Wrightsville Sound. Capt. Hanby was present. Dr. McMillan, the county superintendent, reported that the conditions surrounding the property named, were dangerous to the public health, and on motion of Dr. Wood, the superintendent of health was instructed to use the necessary legal steps to abate the said nuisance which was declared dangerous to the public health and to notify Capt. Hanby in writing to proceed to abate the said nuisance at once.. The motion was unanimously carried.

Upon complaint the superintendent was also requested to investigate the unsanitary condition of one of the outbuildings of the "Lighthouse" of the Consolidated Company, at the Sound.

County Game Warden Freeman and Audubon Attorney Empie were very emphatic in their language as to their purpose to enforce the game laws, when seen after the meeting of the County Sanitary Board. Game Warden Freeman said indictments would certainly follow any wholesale destruction of the birds and signified his purpose to keep in touch with the situation fully. What the outcome will be no one can say until the method of the abatement of the nuisance is put into effect.

The County Sanitary Board corresponds to the Board of Health of the city and its powers are practically unlimited where the public health is concerned. Whether it has the power, however, to set at naught the game laws of the State in the case in hand appears to be a mooted question. The authorities, who have the matter in hand, hope that the conflict may be avoided by the migratory habits of the martins. It is said that if the case is left open for a few days, the birds will take to their wings and fly away as is their custom early in August in this climate.

SENT TO THE PEST HOUSE.

Negro From Pressing Club Sent Out For Smallpox Yesterday.

A negro named Dave Smith, employed in doing outside work for the Wilmington Pressing Club, on Second between Market and Princess streets, was taken in charge by the quarantine officers yesterday and sent to the smallpox pest-house. Smith is a member of the family sent out several days ago from 816 South Ninth street and when an eruption appeared on his face, it was decided to send him out to the detention camp to await results. The Pressing Club rooms, as a matter of precaution, will be closed to-day while a thorough fumigation of the premises is going on. There were over 1,100 garments in the place when the fumigation was ordered, but Dr. McMillan said last night that there would be absolutely no danger in delivering them to customers as soon as the fumigation is completed. The negro was employed only in the dye house of the establishment.

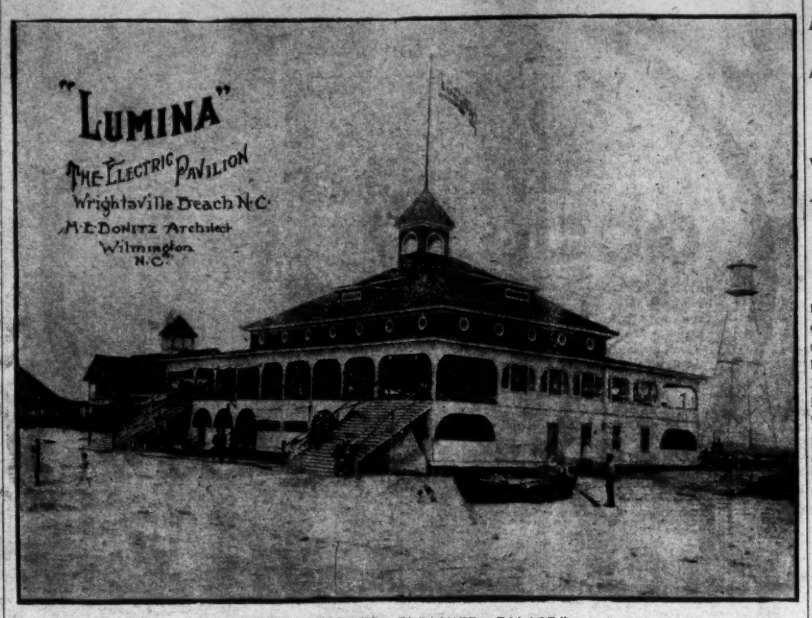
Go to Carolina Beach to-night and enjoy yourself. Boat leaves at 8 o'clock. **



"THE PEOPLE'S PLEASURE PALACE."

One of the most potent influences in the development of Wrightsville Beach as a Summer resort for the great masses of the people has been the presence at that delightful resort the past season of the magnificent, electrically lit "Lumina," of the Consolidated Company, declared the finest pavilion for the public on the South Atlantic Coast. It was designed by Architect H. E. Bonitz, of this city, and built under his personal supervision last Spring at a cost of between $7,500 and $10,000. From official figures it is estimated that 400,000 people have visited Lumina during the present season. It has proved itself a great attraction for the whole people of the city and the State and the success of the venture by the Consolidated Company in building it, is evidenced by the fact that already plans are on foot for doubling or greatly enlarging its capacity for next season. Above will be found a half-tone cut of the magnificent pavilion by day, looking from the ocean. At night it is ablaze with lights, more than 1,200 incandescents being used in an artistic arrangement for the illumination.

LOCAL DOTS.

—Other local on fourth page

—Services at First Church of Christ, Scientist, this evening at 8:15 o'clock, Odd Fellow's building, second floor. All are invited.

—Henry McClammy, colored, was sent to jail from Justice Furlong's court yesterday in default of fine of $10 and costs for wife-beating.

—"Wholesale" may make a second call at the Star office to-day if he wishes to examine another lot of responses to his Star Business Local.

—The schooner Howard B. Peck was cleared yesterday, light, for a port near Brunswick, Ga., where she will receive cargo of lumber. The vessel is by C. D. Mafflitt.

—Hatch's excursion from Goldsboro and Mount Olive brought 400 visitors to the city yesterday, returning last night. Another will be brought in from Selma and intermediate points by Mr. Hatch to-day.

—Yesterday afternoon's Fayetteville Observer: "Col. W. S. Cook left to-day for Detroit, Mich., to attend the meeting of the Supreme Lodge, Knights of Pythias, as a delegate from the North Carolina Grand Lodge."

—Mrs. J. Love Davis' Circle will give a lawn party on the lawn of Fifth Street M. E. Church parsonage Thursday afternoon from 3 to 6 o'clock for the children and from 8 to 11 o'clock for the older persons. All friends are invited.

—Although Monday was considered one of the most disagreebaly warm days of the Summer, the maximum reading of the thermometer was only 92. Other maximums in the district were: Charlotte, 96; Cheraw, 96; Florence, 99; Goldsboro, 98; Greensboro, 94; Lumberton, 101; Newbern, 97; Raleigh, 96; Weldon, 100.

—The following building permits have been applied for: Two, 3-room houses on North Twelfth, between Chesnut and Princess streets, and two 4-room houses on Princess between Eleventh and Twelfth streets, for Mrs Lena Wessell. T. E. Lupo, contractor, two-story, frame, metal-roof residence for Z. E. Murrell, on Fourth, between Hanover and Brunswick streets.

BELLLIGERENT EXCURSIONIST.

Took Shot Into Train at Station Early Last Night.

Just before the departure of Hatch's excursion train for Mount Olive last night and as the shed was thronged with men, women and children, hurrying to board the cars for home, the strangers were almost thrown into a panic by the indulgence in a little "pistorical" practice on the part of Mr. Sylvester J. Mathis, one of the excursionists from Mount Olive, who was feeling good and took a crack at the head of a negro he saw sticking out of a window in a coach ahead. The black man is said to have first been shown the courtesy of being asked to take the head in but he would not. Fortunately no one was hit by the bullet which went in the coach, but there was much excitement until the belligerent excursionist was taken in charge and relieved of his side arms by Policeman J. F. Smith. He was taken to the police station and later arranged through a friend who accompanied him for bond for his appearance in the police court to-day. Mr. J. M. Forshee, of this city, became the surety.

Bank at Fayetteville.

Yesterday afternoon's Fayetteville Observer says: "Mr. H. B. Boudar, of Richmond, an expert accountant, arrived here yesterday, to make an examination of the old books of the Bank of Fayetteville in behalf of the defense in the Bank case, which comes up in the Superior Court the latter part of this month. This action was taken in accordance with an order of the last court, allowing the defense to have their own expert examine the books covering the period of the alleged shortage. The Bank has had an accountaint, Mr. Baker, of Philadelphia, examining the books for the past several months."

Lumina,

The "Dreamland" of the South. au8-5t**

BEFORE THE MAYOR.

Several Cases of More or Less Interest Tried Yesterday.

Tom LeGwin, the negro caught loitering about the residence of Mr. James Owen Reilly a little past midnight yesterday morning in an apparent effort to break in the house, and who was caught and held by Mr. Reilly until the police came, was arraigned in the Mayor's court yesterday at noon. His purposes or an attempt to actually break in the residence could not be established, but he was punished with a straight sentence to the roads for 30 days for the vicious attack he made on Mr. Reilly while he was being held awaiting the arrival of the police partol wagon.

Geo. Townsend, the negro who was drunk and disorderly on the steamer Wilmington Monday night, was fined $10 and costs. John Wilson, also colored, was given similar punishment for being drunk and down. A small white boy charged with riding a bicycle without a light, was let off with the costs.

Henderson Hayes, whose habitual drunkenness has made him a fixture about the City Hall, smiled benigniy on the Mayor when he stood up for the hundredth time to answer the same charge—drunk and disorderly. Henderson was let off on promise to pay the costs and leave the city.

AWARDED TO GLAVIN BROS.

Contract For Repairing Machinery at Rock Quarry.

The Streets and Wharves Committee of the Board of Aldermen met yesterday and awarded the contract for repairing the machinery at the city rock quarry to Glavin Brothers for $765. It will be remembered that the committee had the bids at the regular meeting of the Board Monday afternoon but had not had the time to examine them and asked and was granted permission to examine them later and to make an award of the contract to the lowest bidder, all things considered. Glavin Brothers were the lowest and the contract was so awarded.

The Board of Audit and Finance was called to meet yesterday afternoon to pass upon the bids finally so that there would be no delay in beginning the work, but only Acting Chairman C. W. Yates was present and the meeting had to be deferred. Work on putting the machinery in order will be commenced now just as soon as the Board of Audit and Finance approves the award of the contract as made by the committee.

THE CUTTER SAILED.

Passed Out at 4:30 P. M. Yesterday For Gulfport, Miss.

The Revenue Cutter Seminole, in command of Lieut. B. M. Chiswell, arrived up from Southport yesterday morning under orders from Washington, received two months' supply of provisions from Sternberger Brothers, the government contractors, and proceeded at once to sea, passing out at Southport at 4:30 o'clock, bound to Gulfport, Miss., where she will be engaged in the yellow fever quarantine service. On her way around she will receive coal at Port Tampa, Fla.

The Wilmington Quarantine.

Fayetteville Observer: "Wilmington has placed a quarantine officer on the train between Fayetteville and that city, and it is necessary for all passengers bound for Wilmington to either show a health certificate or to show proof that they are not from the infected districts. A number of Fayetteville people going to Wilmington Saturday, not knowing of this new regulation, and without certificates or other evidence, had a lively time getting through, but after two hours' parley they were permitted to enter Wilmington. There was a new conductor on the train, the quarantine officer was a stranger, and of course the Fayetteville people were not known."

PERSONAL PARAGRAPHS.

—Mr. A. J. McKinnon, of Maxton, was here yesterday.

—Mr. E. E. David returned yesterday from Philadelphia.

—Mr. Cleveland Galloway has returned from a trip to Morehead city.

—Mr. David S. Russell, of Robeson county, is here on a visit to his mother, Mrs. Olivia Russell.

—Miss Ethel Chadwick has returned from Morehead City where she spent a few days quite pleasantly.

—Mrs. H. McL. Green left last night for Haverford, Pa., on a visit to her daughter, Mrs. Edward M. Wilson.

—Miss Margaret Froeleck, of Halifax, Nova Scotia, is the guest of Mrs. B. W. Arrington, on North Fourth street.

—Mrs. Spencer LeGrand and the Misses LeGrand have gone to the mountains of Virginia to spend the remainder of the Summer.

—Mr. and Mrs. A. E. Martin, of Fayetteville, arrived yesterday on the Clyde Liner Carib from New York and left for home in the evening on the steamer Tar Heel.

—Rev. F. H. Farrington, a former pastor of Southside Baptist church, arrived in the city yesterday to visit his old congregation. Rev. Mr. Farrington's home is now in Pittsburg, Pa. He will conduct the services at Southside next Sunday and the Sabbath following.

—Among yesterday's arrivals were H. J. Latta, Greensboro; Geo. D. Boyd, Charlotte; Luke W. Boney, Rose Hill; W. H. Michael, Greensboro; W. J Gibson, Goldsboro; T. D. Warren, Trenton; W. C. Riddick, Raleigh; G. W. Bryant, Durham, and W. R. Johnson, Windsor, N. C.

—Yesterday's Fayetteville Observer: "Mrs. A. H. Slocomb returned from Wilmington and Wrightsville Beach yesterday——Miss Forshee, of Wilmington, has arrived here to accept a position as stenographer with Armfield & Co. She is a guest at Miss Smith's on Cool Spring Lane."

BRIGHT FOR WRIGHTSVILLE.

Looks Like it Will Get Permanent Encampment Site.

The Charlotte Observer of yesterday in announcing the appointment by Governor Glenn of a committee on permanent encampment site, the news of which was carried in the special dispatches to the Star of the same date, says:

"Although nothing official will be done toward selecting the camp site for probably several weeks, it is generally understood that Wrightsville is favored by a good majority of the officers in the State militia. There is a good site at Morehead City, but it is not as conveniently situated as the one at Wrightsville and the people of Wilmington are in position to do more for the State troops than those at Morehead City."

The Charlotte correspondent of the Raleigh News and Observer says in the same connection: "The sentiment of the officers seems to be largely in favor of Wrightsville, and it looks very much at this writing as if that resort will be selected. The committee, however, will go over the ground carefully and look into the matter from the several standpoints of health, convenience, adaptability, etc., before any decision is made."

Attractions at Lumina.

The heavy rain yesterday did not keep the crowds away from Lumina last night as there were quite a number of dancers and bowlers there. This is the last week of the moving picture show and it is playing to capacity at each performance. The pictures this week are "Tracked by Bloodhounds," "The Bewitched Lover," and "Personal."

Wanted For Abandonment.

Deputy Sheriff J. B. Cowan, of Burgaw, was here yesterday and caused the arrest of C. A. Bordeaux, a young white man charged with abandonment of his wife in Pender county. The wife is said to be the daugher of a minister of the gospel in Pender. The officer returned with the prisoner to Burgaw last night.

A WOMAN'S SAD END

Alice Owens Shot and Instantly Killed at House of Questionable Character

WAS IT ACCIDENT OR DESIGN?

Tom Lamb, Railroad Tinner of Florence, S. C., Fired Fatal Shot Near Hour of Midnight—Coroner's Inquest To-day.

Alice Owens, white, 31 years of age, inmate of a house of questionable character at No. 513 South Eighth street, was shot and instantly killed last night about 12 o'clock by Tom Lamb, a tinner employed by the Atlantic Coast Line at Florence, S. C. The shooting occurred in a small front bed room to the right of the entrance of the house where the woman lived. Lamb was immediately arrested and is held at the police station without bail pending an investigation by a jury of inquest which has been summoned by Dr. C. D. Bell, the coroner, to assemble at the City Hall this morning at 10 o'clock Lamb claims the shooting was accidental but the circumstances are such that Dr. Bell feels warranted in having a jury legally determine the question.

There were two eye witnesses to the shooting—Louise Massey, another inmate of the house, and Claude Fowler, a painter employed in this city. The four were seated in the room talking and laughing together. Not an unkind word was spoken, they say. Alice Owens was seated in a chair near a bed in the room and Lamb was standing. Without a word he suddenly drew a 38-calibre, Iver Johnson hammerless pistol from his pocket and fired once. The ball took effect in the woman's left breast passing just above the heart and probably piercing the lungs. Death was almost instantaneous. The woman fell forward and the other occupants of the room rushed out, horror stircken. Statements differ as to whether Lamb tried to escape. At any rate he did not leave the house and Fowler ran to Sixth and Castle streets for Policemen Leon George and W. J. Howard. Meantime Officers Alex Wells and J. R. Sneeden, on an adjoining beat, heard the shot and ran to the house. Lamb was immediately placed under arrest. Police Sergeant C. S. Burnett later came to investigate the affair and as soon as it was seen that nothing could be done for the woman, Lamb was brought out and taken down to the police station. He appeared insanely enamored of the woman and before leaving the room asked permission to kiss her. Before he could be restrained, he knelt down on the floor where the woman lay in a pool of her own blood and embraced her. On his way down to the City Hall he told Sergeant Burnett he didn't know why he shot the woman; it was an accident. He did not apepar to be very drunk and made no concealment of the fact that he had been intimate with the woman for several years. He said he came here from Florence to see her about three weeks ago. He had been seen much in her company since he came and early last night is said to have been seen drinking with her. Inmates of the house said Lamb had an engagement to take the woman for a target practice outside the city limitz yesterday afternoon and had borrowed the pistol from Mr. LaFayette Southerland, who keeps a store in the vicinity, for that purpose. The rain interfered with the target practice and Lamb had not returned the pistol when he drew it from his pocket and fired the fatal shot. The woman never spoke after sinking down in her chair.

Young Fowler and Louise Massey, the two eye witnesses of the tragedy say they cannot account for the shooting. There had been no quarrel and nothing unusual in the demeanor of either the man or woman toward one another. They said, however, they could not see how it was an accident for Lamb was very deliberate in the act.

As soon as Lamb had been locked up at the police station, Capt. Geo. Smith notified the coroner and with that official and Sergeant Burnett they returned to the scene, making a full inquiry into all the circumstances. One person said Lamb had been seen with $700 on his person during the night but when he was searched at the police station only a small amount of money and the pistol were found on his person. One chamber of the revolver was empty, indicating that but one shot had been fired.

Lamb is a man of rather refined appearance, not large in physique, about 23 eyars of age and is fairly well dressed. He admits having done the shooting but doesn't know why he did it and only says it "must have been an accident." He told Sergeant Burnett, coming down to the police station, that if the woman had not entered his life, he might have been happily married and settled five years ago.

The Owens woman came to Wilmington some eight years ago and had lived at various points in the red light district. She is a native of Augusta, Ga., and was born in September, 1874. Her companions at the house where she lived have arranged to have Funeral Director Woolvin prepare the remains for burial, after an autopsy by the coroner this morning.

Very little of Lamb could be learned last night further than stated above. He is said to belong to a good family and will doubtless be represented by counsel at the hearing.

PLEASURE YACHT TOWED IN.

The Sweetheart," From Philadelphia to New Orleans, at Wrightsville.

The pleasure yacht "Sweetheart," Capt. C. E. Mille, from Philadelphia, July 29th, to New Orleans, reported in yesterday's paper as anchored off Carolina Beach, beat her way under auxiliary sail up to Wrightsville Beach yesterday and was towed in the inlet by the Hotel Tarrymoore launch "Ripple," Capt. Walker, assisted by Mr. T. N. McDiarmid, night clerk at the hotel. Capt. Mille reported to Capt. C. D. Mafflitt, of the Rudder Station here, and after making necessary repairs will proceed on down the coast.

The "Sweetheart," is owned by Mr. L. H. Fairchild, of New Orleans, a wealthy grain broker, and was being brought down the coast when her machinery became disabled off Carolina Beach Monday during a heavy sea and a brisk southeast blow. The yacht is 33 tons gross, 75 feet over all, 19-foot beam and draws 4 1-2 feet of water.

As soon as the arrival of the yacht had been learned of by Dr. W. D. McMillan, county superintendent of health, last night, he sent an officer down to ascertain her port of last clearance in order that the yellow fever quarantine might not be violated. The officer was assured that the yacht was directly from Philadelphia and had not been to New Orleans, though she is bound there.

SHE THREATENED SUICIDE.

Rejected Negro Girl Declared She'd Kill Herself in Justice's Court.

Justice Bornemann's court was the scene of a threatened suicide yesterday, the would-be victim being Hattie Williams, a colored girl, who poured forth into the sympathetic ear of the magistrate a story of the betrayal of her affection by one John Blue, a young colored man of some prominence for whom Deputy Sheriff Wade was dispatched. When the officer returned with John, the negro confessed to having trifled with the girl's affections and admitted that once or twice the date had been set for the ceremony and he had wantonly remained absent. He wanted to settle up for a money consideration and that was about decided upon as a solution when the girl became hysterical and declared she would kill herself. At the sudden outburst John decided he had better fix things up, so he marched up to the Register of Deeds' office, procured a license and Justice Bornemann soon had them on their way rejoicing with a friendly admonition to live happily together and come back to him if they got into trouble.

GRAND ENCAMPMENT.

Odd Fellows of High Degree Meet To-Night.

The sessions of the Grand Encampment of Odd Fellows will begin in the assembly room of the Seashore Hotel at Wrightsville Beach to-night at 8:30 o'clock. Delegates are already arriving and at the opening session some forty or fifty visitors are expected to be present from all parts of the State. The meetings will continue through Friday morning and while at the beach, the guests will be given several little features of entertainment, including a bowling party Thursday night and a sail on the Sound some time during their stay. The delegates arriving to-day will be met at the trains by the local reception committee and will be shown every courtesy.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Wednesday Morning, Aug. 9.

SOMETHING DOING AT RED SPRINGS.

There is something doing at Red Springs these days. The people of that thrifty and enterprising town are busy making preparations for a "Home Coming Week." This occasion is intended specially for a return to their native heath of hundreds of Robeson county people who have gone to other counties in this State and to other States of the Union, but, of course, people who did not have the good fortune to be born in the county of Robeson are also most cordially invited to attend. The preparations are on an elaborate scale and Red Springs expects a record-breaking crowd from August 21st to 26th, the dates set for the event.

Red Springs is a lovely town and can boast some of the finest folks in North Carolina. All citizens of Red Springs believe in their town, whether they are natives or adopted, and well may they be stuck on it, for the town and its people are the whole thing. If there are any garden spots in North Carolina, Red Springs is in the midst of one of them, and that accounts for the healthy growth and air of prosperity on all sides. It has developed into one of the noted educational centres of North Carolina, is a splendid business centre, is surrounded by a rich agricultural region, has good hotels, and right inside the corporation are those celebrated mineral springs that should be known far and wide. People love to go there and we are sure we are one of those who have always enjoyed setting foot in that hospitable town. It goes without saying that "Home Coming Week" is going to draw a big crowd and our Red Springs friends are going to entertain them sumptuously and delightfully. This may be judged from the splendid programme arranged for the occasion. Here it is:

Tuesday, Aug. 22, 11 A. M.—Hon. E. F. McRae, Maxton, N. C., Welcome Address; Prof. J. B. Carlisle, Wake Forest, Reply; Hon. N. A. McLean, Lumberton, "The Robeson County Man in Law and Politics."

Tuesday, 8 P. M.—Days of Auld Lang Syne—Reminiscences, Hamilton McMillan, Red Springs, Prof. Alex. Graham, Charlotte, and others.

Wednesday, 11 A. M.—Military Day, Daughters of the Confederacy—Address by Maj. H. A. London, Pittsboro; presentation of Crosses of Honor.

Wednesday, 8 P. M.—R. W. Livermore, Red Springs, N. C., "How I Have Seen Robeson County Develop;" R. C. Lawrence, Lumberton, "Her Treatment of the Stranger Within Her Gates."

Thursday, 11 A. M.—Hon. Z. T. Fulmore, Austin, Tex., "Evolution of the Robesonian, at Home and Abroad;" Gov. R. B. Glenn, "The Robeson County Man."

Thursday, 2:30 P. M.—Hon. John L. McLaurin, Bennettsville, S. C., address to cotton growers.

Thursday, 8 P. M.—Hon. Josephus Daniels, Raleigh, N. C.

Friday, 11 A. M.—Dr. Chas. D. McIver, Greensboro, N. C.; Prof. Arthur McCallum, Austin, Tex.; Prof. Alex. Graham, Charlotte, N. C.

Friday, 8 P. M.—Judge W. D. McKay, Cleburn, Tex., "Should the Young Man of To-day Go West?"

A DEPARTMENT OF HEALTH.

The yellow fever situation at New Orleans has demonstrated two things—that State health boards have not the organization, facilities or means of handling a wide spread pestilence, and that shot gun quarantine is a species of lawlessness that is dangerous to the peace of States and communities.

The ordinary State board of health may act as the watchman on the tower and is very useful in watching conditions and sounding the alarm, but a sweeping infection like that at New Orleans is entirely beyond its scope both as to expensiveness and ability to control the situation.

Shot gun quarantine is the outcome of the exeitement of the people of States and communities who take the law in their own hands, which is another way of saying that they establish a quarantine without any law as a basis and endeavor to keep up a volunteer service that is likely to be unreasonable or utterly fail for lack of coherent organization.

It is, therefore, the better part of wisdom that the New Orleans authorities requested President Roosevelt to establish Federal control in that city, and certainly the President acted with wisdom and with a clear conception of his duties in promptly and energetically meeting the request from the strieken people of the Crescent city.

The lesson to be learned from the plague at New Orleans is that Congress should enact laws and provide means for a more complete national health organization. The matter is of such importance and consequence that we do not know but what there should be a Department of Health, which by the way would honor one of the greatest of the professions and assume a national supervision of health conditions altogether to be desired.

The Marine Hospital Service may be able to cope with the plague at New Orleans, yet in a cursory glance at what has transpired in its assumption of control there in this instance the lack of sufficient provision for the work, shows that Congress should make it more than it is or give us a Department of Health. Anything that will do away with the Vardaman-Blanchard quarrels (two of them) and the shot gun variety of quarantine. Give the enlightened American Republic a health organization that can promptly provide and enforce a quarantine that will give the millions protection and at any rate assure their confidence.

In this connection it is only necessary to point to the fact that although the President directed the Marine Hospital Service to take charge several days ago, that service was not in a position to do so except upon "condition that the citizens of New Orleans pledge themselves to put up $250,000 to defray the cost of labor and material." The citizens of New Orleans met those "conditions," but if they had not done so we would have seen the pestilence prostrating the people and carrying off its victims without either the State or National health authorities having the means or power to stay it.

Why should New Orleans pay the expense when it is for inter-State protection as well as for the succor of New Orleans?

CURRENT COMMENT.

—Only a short time ago Henry James had something to say in criticism of our American speech. His words had hardly left his mouth when the authorities of Oxford university were complimenting the American students upon their way of speaking, and expressing the hope that the young Englishmen would profit by their example.—Indianapolis News.

ble in politics as on the stage. He works up to a climax. His recent letter to Higgins, of Newberry, opened his campaign for salvation of the dispensary idea. It was warm and pointed, but it was just a prologue, so to speak. It merely gave a hint of what might be expected. In Edgefield Saturday he amplified the meat of the Higgins letter. It is evident he will make a stand-up fight for the dispensary and chance his all upon his ability to save the institution, even though to do so he must work for a great change in the law embodying his idea that the proper solution of the liquor question is state control of the traffic. —Columbia Record.

The Richmond News Leader is rejoicing over the theory that Richmond is immune to yellow fever. The basis of this theory is that in the terrible Norfolk epidemic in 1855 yellow fever refugees fled in large number to Richmond, where some of them had the disease, but not a single Richmonder became infected. We should not rely too confidently upon this logic if we were in Richmond. The mosquito has made great progress since 1855. The improved methods of transportation have enabled him to settle in many parts of the country which he had not discovered fifty years ago. It would be best for Richmond to join the other Southern cities in extirpating the mosquito.—Norfolk Landmark.

TWINKLINGS.

—Little Pet (on her knees, before retiring—"Mamma, may I pray for rain?" Mamma—"Y-e-s, if you want to; but why?" Little Pet—"Susie Stuckupp didn't invite me to he picnic."—New York Weekly.

—"Nonsense! who told you Miss Pretty has a good disposition?" "Why, she's always smiling. Doesn't that show a good disposition?" "Not necessarily; sometimes it merely shows good teeth and dimples."—Philadelphia Press.

—Herditt—Bragley's wife brought him quite a nice figure, didn't she? Newitt—Yes, so round and symmetrical. Herditt—O! I don't mean that; I mean her dowry. Newitt—That's what I mean. It was O.—Philadelphia Press.

—Tom—"You look happy to-day." Dick—"I feel that way. I proposed to Miss Fickel last night——" Tom—"Go easy, old man. She's very changeable." Dick—"That's why I'm so hopeful. She said 'No' last night."—Philadelphia Press.

—Youthfully made-up spinster, over forty, just engaged, proudly introduces her young bethrothed to the family gardener. Family Gardener—"Ah, Miss Letty, I'm that glad! I've been waiting for this day for the last twenty years!"—Punch.

—Magistrate—Now, then, prisoner, what have you to say for yourself? Prisoner—Well, suh, I done admittance de trufe ob all dat's bin testicated agin me, Judge, but I jes' natchelly hope dat you' is gwine be easy wif me, kase I hyar yo' is a very mercenary gem'man. — Philadelphia Press.

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at R. R. Bellamy's drug store; guaranteed. **

SWEET POTATOES—Firm at 95@$1.00 per bushel.

BEEF CATTLE—Dull at 2 1-2@4c. per pound.

COTTON MARKETS.

New York, Aug. 8.—The cotton market today was rather more active after a quiet forenoon and prices in the late session ruled steadier on covering and a little bull support inspired by an unfavorable interpretation of the weekly bureau report and the close was at a net advance of 9@10 points. The opening was steady at an advance of 2 to 6 points in response to higher cables, but showers were reported in sections of the belt that have been complaining of lack of moisture and during the morning prices sold off to a net decline of about 2 to 4 points. Later prices ruled about steady within a couple of points of last night's level, with trading around midday very quiet until the weekly crop report was issued, after which demand increased and in spite of continued pressure on the part of local bears prices worked higher toward the close. The final tone was steady at the advance. Sales were estimated at 350,000 bales. Houses with Southern connections had supporting orders after midday, following private reports that planters were organizing to prevent a decline. Private cables from Liverpool were bearish and stated that a strike now seemed more probable.

Spot cotton closed quiet; middling uplands, 10.85; middling gulf, 11.10; sales 1,042 bales.

Futures opened steady. September, 10.52; October, 10.68; November, 10.71; December, 10.76; January, 10.85; February, 10.91; March, 10.93; April, 10.95 bid; May, 10.98.

Futures closed steady. August, 10.52; September, 10.59; October, 10.73; November, 10.78; December, 10.84; January, 10.91; February, 10.94; March, 10.99; April, 11.02; May, 11.04.

Port Movement.

Galveston—Steady, 10 1-2c.; net receipts, 7,641 bales.

New Orleans—Steady, 10 1-2c.; net receipts, 4,217 bales.

Mobile—Nominal, 10 1-4c.; net receipts, 45 bales.

Savannah—Steady, 10 3-8c.; net receipts, 3,209 bales.

Charleston—Nominal; net receipts, 347 bales.

Wilmington—Nominal.

Norfolk—Steady, 10 5-8c.; net receipts, 3,600 bales.

Baltimore—Nominal, 10 7-8c.

New York—Quiet, 10.85.

Boston—Quiet, 10.85; net receipts, 446 bales.

Philadelphia—Steady, 11.10; net receipts, 25 bales.

Total to-day, at all ports—Net, 19,359 bales; Great Britain, 856 bales; Continent, 13,456 bales; Stock, 367,277 bales.

Consolidated, at all ports—Net, 37,103 bales; Great Britain, 11,439 bales; France, 4,962 bales; Continent, 31,349 bales.

Total since september 1st, at all ports—Net, 10,065,839 bales; Great Britain, 3,970,210 bales; France, 846,037 bales; Continent, 3,214,923 bales; Japan, 311,714 bales; Mexico, 29,332 bales.

Interior Movement.

Houston—Steady, 10 1-2c.; net receipts, 4,359 bales.

Augusta—Quiet and firm, 10 5-8c.; net receipts, 80 bales.

Memphis—Steady, 10 3-8c.; net receipts, 33 bales.

St. Louis—Quiet, 10 5-8c.

Cincinnati—Net receipts, 20 bales.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound. Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

NEW MILLINERY

At Gaylord's store we have just received some new millinery. We have a nice line of Small Hats which are very scarce and hard to get; a splendid line of up-to-date Duck Hats, the prettiest we have ever had at the price, 50c. a piece. Black and White and all colors in Chiffon Hats, price from $1.00 to $3.50 each. A splendid line of Plumes for early Fall wear. We have a genuine Ostrich Plume 18 inches long at $2.50 each. An 18-inch Plume, different quality, at $1.25 each. Two-toned Plumes at 50c. 75c. and $1.00 each.

A line of Ladies' Ready-to-Wear Hats especially cheap. We are selling them out at much less than cost. A dollar Hat we are selling at 50c. each.

RIBBONS.

We are selling number 120 All-Silk Changeable Two-Toned Ribbon at 20c. a yard. Number 150 Ribbon, beautiful quality, white and all colors at 25c. a yard. Number 80 in White and all colors Silk Taffeta at 18c. a yard. Number 40 Silk Taffeta at 10c. a yard.

FLOWERS.

We have a beautiful line of Flowers. You can still get anything you want in this line. Our stock is not broken, and you can get your wants supplied very well.

VEILINGS.

We have Chiffon Veils, Dotted Veils, Silk-Thread Veiling and Mourning Veils. Our veiling department is well supplied with new things.

We have a nice line of Ladies' Shirt Waists. We sell a Ladies' Percale Shirt Waist as low as 20c. each. India Linon Waists at 50c. We have Silk Waists, in black, white and colors, and also, Satteen Waists.

LADIES READY MADE SKIRTS

We have White Duck Skirts, Colored Wash Skirts and a big line of Ladies' Wool Skirts in all the new and pretty styles.

In this department you will find a nice assortment.

We also carry a nice line of Children's dresses. They are well made and very cheap, and can be had in white and colors.

They vary in prices from 25c. to $2.00 each.

LADIES MUSLIN UNDERWEAR.

We sell The Royal Brand. This brand is made full size, every seam is felled, every garment made nice and neatly, and we handle everything that ladies need. They are made from good muslin and trimmed in good washable lace. We have corset covers at 10c., 25c., 75c., and $1.00 each. We are making a specialty of Night Robes displaying quite an assortment of styles and prices are from 45c. to $1.50 each. Our underwear department is under the management of young ladies. I think all ladies will find it to their advantage to give this department a look before buying elsewhere. To keep cool, buy a hammock from Gaylord.

Mason's Fruit Jars—Pint Jars for 60c., Quart Jars for 75c. and Half-gallon Jars for 85c. a dozen.

Milk Bowls made of heavy earthernware for 15c. each.

Earthenware Freserving Kettles, 15c., 20c. and 25c. each.

Earthenware Baking Bowls for 5c., 6c. and 8c. each.

UMBRELLAS AND PARASOLS

We have just received a large shipment of these goods. We buy them in large quantities and are able to sell them cheaper than ever before. Our $1.00 Umbrella for Ladies, we have no display at 75c. each. Ladies' Umbrellas with beautiful handles, silk covered and with silk tassels, pretty and up-to-date, absolutely water tight, and will not fade, we are offering for $1.00 each. The Self-Opening Um-brella for men, does up without your assistance, not $1.25, the old price, but 89c., Gaylord's price. A real nice 28-inch Umbrella, with a snappy, up-to-date handle, nice shaped twill top, not $1.00, but this sale only 69c. A natural wood Congo handle, no paint nor varnish, fine silk top, an Umbrella which any gentleman would like, not $2.00 and $2.50, put a price to please, only $1.50. These are not only sunshades, but storm proof umbrellas. Our store is up-to-date in every particular, our stock full and complete. We work hard to please, we want your business at the Big Store, 206-208 and 210 North Front street.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

SPIRITS TURPENTINE.

—The collection of the Insurance Department, at Raleigh, for the month of July were $36,038.48, showing an increase over the collections for July of last year.

—Abe Dougherty, colored, has been lodged in jail at Asheville, for shooting and instantly killing Mose Williams, colored, near Black Mountain, Monday afternoon.

—At Dunn, N. C., August 7th, E. F. Young, former banker, charged with forgery, was discharged because there was no evidence sufficient to hold the accused for the upper court. The decision was greeted with applause.

—While eating his dinner at the State Hospital in Morganton, last Friday, a patient named Mull became choked on a piece of bread and before he could be relieved he was dead. The body was sent to his old home at Brevard for interment.

—The Bruno Manufacturing Company of Oxford, with $200,000 authorized and $300 paid in capital stock, has been chartered. The object of the concern is to manufacture furniture. The incorporators are: B. M. Hanhold, Mrs. Fannie Hanhold and J. C. Horner, all of Oxford.

Lumberton Argus: September the 8th is to be the day at Maxton. Mr. Harvie Jordan, president of the Southern Cotton Growers' Association, is to speak and the occasion is to be made that of a rousing picnic. The writter was at Maxton Saturday and observed considerable enthusiasm concerning this occasion. The town expects a crowd and invites everybody to come and bring a basket.

—Teredos, the worm which plays havoc with all wooden structures standing in salt water, particularly in the waters of the South Atlantic States, is giving the light-house authorities some trouble. The worms attacked the pile structures supporting the beacon light at Swan Quarter range rear light in Pamlico Sound, N. C., a few days ago and ate the piles so badly that they fell, and the lighting outfit went down with the piles. The light-house authorities will replace the destroyed beacon at once.

—Asheville police officers are endeavoring to locate $1,250 worth of diamond rings lost in that city last Monday. The gems belonged to a young lady of Asheville and were either lost or stolen between Carmichael's store, on Pack Square, and the Millard livery stable, on North Main street, a distance of little over 200 yards. The lady carried the rings in a small jewelry box and after going the distance between the store and the livery stable, found that the box was missing. She retracted her steps, but failed to find any clue to the lost property.

—A dispatch from Mooresville, Mecklenburg county, on Monday says: a row at a negro camp-meeting at the Morris school house, in Davidson township, yesterday afternoon, resulted in the instant killing of Jim Summers, a bully, and a cracked head for Jim Shuford, of Catawba county. Summers provoked a quarrel with Shuford, and advanced on him with a rock, striking him on the head. Shuford drew his pistol and fired three times, all three shots taking effect. The negro died instantly and Shuford fled. Up to this time Shuford has not been apprehended. Summers is the negro who served several years ago on the chain-gang for attempt to shoot Mr. Andy Chathey.

—Earle Jones, 19 years old, of Raleigh, who has been arrested at Norfolk, denies his implication at the hands of Frank Moore, of Raleigh, in the burning of the Standard Oil plant in Raleigh and the murder of the watchman, David Strickland, on the morning of May 20th last. He declares with characteristic indifference his innocence of any association in the triple crime as charged by the youth Moore, now in the Raleigh jail pending the investigation. "I left Raleigh some time soon after the middle of May,' says Jones; "and I have been here ever since, because in less than a week after I arrived here I was in jail on the charge of trespass and given four long months in this place. I guess it is good luck for me that I am in jail, though and away from Raleigh, for when any one becomes associated with such characters as Frank Moore, Burch and Williams, it would be hard for them to get clear."

—Washington correspondence Charlotte Observer, Aug., 7th: During the morning Senator Simmons called at the White House and communicated, through Secretary Foster, who is in charge here while the President is at Oyster Bay, using the long-distance telephone. It was his purpose to find out how much time the President could spend in Greensboro on the occasion of his Southern tour in October. The President's reply was that he could only spend 5 minutes there. The citizens of Greensboro are desirous that the Chief Executive stop there a sufficient length of time to permit of a visit to the Guilford Battle Ground and Senator Simmons is not without hope that this arrangement may yet be included in the North Carolina itinerary that is being arranged for the President. Senator Simmons wrote to Mr. Roosevelt this afternoon, fully explaining the situation and urging that he visit the battleground, if his schedule permits this.

—Washington correspondence Charlotte Observer, August 7th: In discussing the situation of the Republican party in the State to-day, Senator Simmons took occasion to refer to the activity of ex-Senator Butler, whom he regards as the actual head of the North Carolina organization. "While State Chairman Rollins is the nominal leader," observed the Senator, "ex-Senator Butler is in reality at the head of the party. This has been apparent for some time. While he may not be the wisest, he is certainly the smartest leader the Republican party has ever had in North Carolina. When the psychological moment arrives he will be leading at the dance, just as he did with the Populists, and he will be ready to drive a bargain with the organization that offers the best terms." Senator Simmons is just back from Atlantic City, where he has been for the past two weeks with Mrs. Simmons and two young daughters. They will return to Raleigh to-morrow.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Wilmington.

Because it's the evidence of a Wilmington citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best of proof. Read it:

H. W. Bagg, merchant and furniture manufacturer, of Second and Market streets, residing at 114 North Sixth street, says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can also say that Doan's Ointment is the best remedy of the kind on the face of the earth. I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of the chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills in our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up as true it as ever and the kidney secretions have all cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment which I used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

The Last Excursion to Newbern.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

ANY FOOL

Knows enough to carry an umbrella when it rains, but the wise one is he who carries one when it is only cloudy. *Any man* will send for a doctor when he gets bed-fast, but the wiser one is he who adopts proper precautionary, preventive and curative measures when first appear the ills which, if unchecked and uncured, grow into serious illness.

Impaired digestion and nutrition are generally the forerunners of a nervous or functional break-down. *Nature has provided remedies* most abundantly for all such conditions in our native medicinal plants. With the use of chemically pure glycerine, of proper strength and at a proper sustained temperature, Dr. Pierce extracts from Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, medicinal principles which, when combined in just the right proportions, constitute his widely famed "*Golden Medical Discovery.*" It restores the tone of the stomach, the activity of the liver and the steadiness of the nerves, pouring vitality into the blood till the once sick and debilitated one is so renewed in health, strength and power that he can resume his work, whatever it is, with vigor and elasticity.

All medical authorities, of whatever school, agree that Hydrastis, or Golden Seal—one of the essential roots in the make-up of Dr. Pierce's Golden Medical Discovery—is of very great value as a pure tonic, and as an alterative—valuable in chronic affections of the stomach, intestines and bladder.

Pierce's Pleasant Pellets

Not only the Original but the best Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce, have been much imitated but never equaled, as thousands attest. They're purely vegetable, being made up of concentrated and refined medicinal principles, extracted from the roots of American plants. Do not gripe. One or two for stomach corrective, three or four for cathartic.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Lion-head on every package.

Save these Lion-heads for valuable premiums

The Morning Star.

WILMINGTON, N. C.

Wednesday Morning, Aug. 9.

PEACE CONFERENCE ABOUT TO ASSEMBLE

First Session Thursday or Friday—The Governor and People Gave Plenipotentiaries Welcome.

By Wire to The Morning Star.

Portsmouth, N. H., August 8.—The Russian and Japanese peace missions submitted themselves to introduction and likewise to all of the ceremonies of welcome and reception on the part of the United States government and the State of New Hampshire, and are to-night on the ever of facing each other for the purpose of ending the war in the Far East, and if possible consummating a permanent peace between the two great nations.

To-morrow they will meet in the naval stores building of the Portsmouth navy yard. The Russian plenipotentiaries will examine the credentials and powers which the Emperor of Japan has delegated to Baron Komura and Minister Takahira, and in turn the Japanese plenipotentiaries will scrutinize the powers which the Russian Emperor has conferred upon Mr. Witter and Baron Rosen.

The second day's session, to take place Thursday or Friday, it is expected, will be devoted either to a consideration of the Japanese peace terms or to a proposition for an armistice by the Russian plenipotentiaries.

It has been estimated that if a basis of negotiation for peace is found, the actual negotiations will consume something like five weeks time before a treaty can be perfected and signed.

The landing reception of the envoys to-day was a function replete with ceremony. The dignity of the nation's salutes was contrasted with the hearty exclamations of good will on the part of the thousands of persons who thronged the streets of Portsmouth, and surrounded the court house where Governor McLane pronounced his cordial words of welcome

The envoys of both Japan and Russia were much affected by the demonstation of the American public. Mr. Witte rode through the business section of the town with his tall silk hat raised above his head in constant acknowledgement of salutes. Ambassador Rosen in the same carriage, was also uncovered in honor of the cheering crowds. In the carriage following were the two Japanese envoys, and they too were not remiss in responding to the hurrahs of the crowds. Three carriages were occupied by each mission, and in the procession through the streets of Portsmouth, the Russians and Japanese were given alternate positions, the first, third and fifth carriages were Russian and the second, fourth and sixth were Japanese.

The envoys were met at the courthouse by Third Assistant Secretary of State Peirce, who presented Mr. Witte to Governor McLane and then Baron Komura. The senior Russian commissioner presented his suite to the Chief Executive of New Hampshire, and the Japanese plenipotentiaries did likewise.

Governor McLane's formal speech of welcome was responded to by a profound bow by both parties. At the conclusion of the ceremonies the Russians were arranged on the right of the Governor, the Japanese on the left with Mr. Pierce on the immediate right. The group was then surrounded by the Governor's staff and council and then the entire party was photographed.

When the Hotel Wentworth was reached, shortly about 3 o'clock there was an outburst of applause carried on in good natured rivalry. The envoys took dinner at separate tables in the public dining room.

One of the interesting preliminary questions to be settled by the conference is the language in which the negotiationss shall be conducted. Mr. Witte speaks only French and Russian, while Baron Rosen has also a command of English. Both of the Japanese are proficient in the English tongue, but Baron Komura speaks very little French. It is realized that if English shall be chosen as the medium of communication translations must be made to Mr. Witte Should French be the language decided upon, translations will have to be made, preferably into English for the Japanese.

While there are no official statements or prediction regarding the outcome of the forthcoming negotiations, tonight the prevalence of a general good feeling is noitceable throughout the environs of the peace missions.

WARM WIRELETS.

At Caracas, Venezuela, August 7th, the Federal Court of Cassation, on appeal gave a final judgement confirming the dissolution of the Hamilton contract with costs.

The sixty-six name has been added to the list of fatalities due to the explosion on the gunboat Benhington in Sandiego harbor, July 21st. Frederick J. Mueller died yesterday at the barracks hospital, San Diego, Ca., where a score of his comrades are still confined as a result of their injuries.

Jno. A. Richards, the alleged assissin of Haurice Francis, a young man, of Roanoke, Va., who was shot and killed a week ago while driving along a Floyd county road to visit his fiance, was captured in his father's home near the scene of the tragedy yesterday and taken to Christiansburg jail for safekeeping.

Fire at Humble, Texas, yesterday did damage estimated at between $300,000 and $400,000. Lightning struck two tanks belonging to the Humble Company. The oil in these tanks were estimated at about $100,000 was list. In addition, a number of small tanks, are burned, entailing a further loss of $20,000. So far as can be learned there was no insurance.

Large numbers of Western and considerable number of Southern merchants visited the New York drygoods market yesterday. On all sides surprise was expressed at the scarcity of cotton goods and the very high rates demanded by sellers. New manufacturers are able to contract for early delivery and those houses who have stocks on hand are doing a profitable business. China has taken no goods for a week, but this is not attributed by business men to the boycott, but to natural conditions.

NEW ORLEANS HARD PRESSED

Quarantine of Interior is Intolerable and Will Be Broken Up at Once

YELLOW FEVER INCREASES

Sixty New Cases Yesterday Making 625 Total—Deaths Now Number 117 and 114 Localities Are Infected—The Situation.

By Wire to The Morning Star.

New Orleans, August 8.—The following is the official report of the yellow fever record to 6 P. M. to-day:

New cases, 60.
Total to date, 625.
Deaths, 4.
Total to date, 117.
New sub foci, 17.
Total sub foci to date, 114.

Quarantine Too Severe.

If the present chaotic condition of quarantine matters in Louisiana is not speedily terminated, in obedience to a proclamation issued to-day, the State Board of Health has announced its intention of immediately invoking the civil powers, and that failing, of asking Governor Blanchard to call out the militia to restore and maintain order. The proclamation resulted from the letters sent yesterday by the Governor to President Somchon, of the State Board of Health.

The proclamation prohibits any town, parish or village from refusing admission to a person from a non-infected locality holding a health certificate not over 24 hours old, or to a person from an infected locality who has spent six days in a dentention camp and has been discharged with a Marine Hospital certificate. Interference with the passage of steamboats or trains is prohibited unless they violated quarantine. No. freight, express or mail matter, shall under the proclamation, be refused from infected territories, provided it is carried in cars which have been fumigated by the Marine Hospital service. All persons who disregard these regulations are warned that they make themselves liable to answer in the court. It is announced that no more illegal restrictions on travel will be tolerated. It is understood that the action taken by the Board of Health has the full sympathy of Governor Blachard.

Because of the large number of cases reported, the fever situation did not have so favorable an aspect today, but it is understood that the increase is the result of the investigation of a number of suspicious cases of sickness, some of which the health authorities were unable to inquire into yesterday. The inspectors of the Marine Hospital service spent much of the day in their investigation and their reports showed an increase in the number of cases from noon to 3 o'clock.

Practically all doubt of the raising of the fund of a quarter of a million deposited by the government was removed to-day when both the State and city moved to assist the citizens of New Orleans.

Governor Blanchard, whom Chairman Janvier of the Citizens' Committee, had asked to advance $100,000 wired Mr. Janvier that he would make the loan as soon as he heard from a sufficient number of members of the Legislature, if they will support an appropriation of $100,000. Affirmative answers are being received. In addition to this action of the Governor, the city took steps to swell the fund. With the 70,000 originally in the hands of the Citizens' Committee, $220,000 is now in sight.

Surgeon White put in a hard half-day's work here, and in the afternoon took a train for LaFayette, La., to attend a conference of various health boards in that section of the State, called with a view to securing an amelioration of quarantine regulations. Dr. White expects that by tomorrow night all of the additional health officers which the government has ordered to New Orleans, will be here.

Wednesday is the day set for the general street cleaning movement. There will be a pretty general suspension of business; all of the merchants volunteering to lend their carts and wagons and employes to assist in the work.

The difficulties the authorities encounter in trying to get at concealed cases was illustrated to-day when Police Officer T. E. Gregson was perhaps fatally injured while trying to break into a house where there was known to be a case of yellow fever. Gregson was called on to assist the authorities. So stubborn was the opposition of the people at a house in Charles street against invasion by the inspectors, that it became necessary to break in, with the result that a heavy oaken door fell on Gregson and crushed him. He was removed to the hospital.

TROLLEY CAR COLLISION.

One Man Killed and Four Passengers Injured Near Norfolk.

By Wire to The Morning Star.

Norfolk, Va., August 8.—A head-on collision between electric trains on the Ocean View division of the Norfolk Railway and Light Company's system, this evening, resulted in the death of one man, Motorman Sydney Thomas and the injury of four other persons, Robert Tait and wife, of this city, Charles Gibbs, of Berkley, and John Grimstead. The last four were passengers and were not seriously hurt. Motorman Thomas, formerly resided in Lynchburg, Va. The railroad authorities state the collision was the result of disobedience of orders. Both trains were badly damaged.

AUTOMOBILES COLLIDE.

Almost Miraculous Escape of Barney Oldfield at the Races.

By Wire to The Morning Star

Detroit, August 8.—Barney Oldfield had an almost miraculous escape from death this afternoon at the automobile races at Grosse Pointe track when Dan Wurgis, of Lansing, Mich., collided with his car in the three-quarter stretch during the first mile of the five mile open event. Oldfield and his car went through the fence into the infield and Oldfield received a badly lacerated scalp and a severely bruised right arm. Wurgis went, also, off the track on the outside, but did not capsize and neither car nor driver was injured.

The winners of today's events were Dan Wurgis, Webb Joy, G. Breed and George Soules.

MAGNIFICENT CHURCH IN RUINS BY FIRE

Rich Furnishings, Paintings and Bas Relief Destroyed—One Piece of Art Worth $50,000.

By Wire to The Morning Star.

New York, August 8.—St. Thomas' Episcopal church at Fifth avenue and Fifty-third street, one of the most richly furnished religious edifices in America, was wrecked by fire to-day. within a block of the ruined church are the home of half a score of the country's wealthiest men. On Fifty-fourth street, directly in the rear, is the city residence of John D. Rockefeller and nearby are the residences of William Rockefeller, H. McKay Twombley, Colonel J. J. McCook and the home of the late Daniel S. Lamont. The Hotel St. Regis is scarcely one block away and scores of the finest city homes in America are in the section of which St. Thomas' church was practically the center. The fire was confined to the church.

Defective electric wiring is supposed to have started the fire. The loss is estimated by Fire Chief Croker at least a quarter of a million dollars. Only a mere shell of stone walls was left standing and many very valuable paintings and has reliefs were ruined, One bronze bas-relief called the "Adoration of the Cross," and valued at $50,000 was totally destroyed. Two large paintings "The Resurrection," and "Christ Healing the Sick" were also burned. John LaFarge executed the painting and the bas-relief was from Augustus St. Gaudens. Sumptuous altar and chancel furnishings, including a $20,000 organ, were destroyed by the fire.

For a time John D. Rockefeller's home was in danger. Firemen who stood with their hose lines in the windows of Mr. Rockefeller's home concentrated the stream of water on the 206 foot stone tower of the church, which for a time threatened to toppel over on the Rockefeller home owing to the intense heat at the tower's base.

A dramatic incident, the ringing of a big bell in the tower, marked the close of this struggle just at the moment when the firemen had succeeded in saving the surrounding homes from the impending danger. The peril was greatest when the roof of the church fell in. This shock shook the great tower to its top. The on-lookers shrank back, but the only sign the tower gave was one stroke from the clapper of a shaken bell.

COTTON LEAK INVESTIGATION.

Mrs. Peckham Wanted by Grand Jury as Witness.

By Wire to The Morning Star.

New York, August 8.—At an instance of United States Attorney Beach, of Washington, Mrs. Sarah H. Peckham was subpoenaed last night to appear before the Federal grand jury in Washington, August 15th. The Federal grand jury is investigating the scandal arising from a leak in the cotton crop report in the Agricultural Department. It was reported that District Attorney Beach, desired to question Mrs. Peckham about the contents of a deposit box leased by her which figured in bankruptcy proceedings against her last summer. Strong efforts were made then on the part of her creditors to open the box, but her counsel prevented it by paying all claims against her.

LOSS TO JOURNALISM.

Death of Editor Sapp of the Norfolk Virginian-Pilot.

By Wire to The Morning Star

Norfolk, Va., August 8.—Charles P. Sapp, editer of the Norfolk Virginian—Pilot, died at St. Vincents hospital, this city, today. He had been in ill-health for months, but his fatal illness was only of one week's duration. Mr. Sapp had been in charge of the editorial department of the Virginian-Pilot since 1900. He was first editor of the Evening Telegram of Greensboro, N. C., and from Greensboro went to Raleigh, where he was associate editor of the News and Observer. Mr. Sapp was about 33 years of age. In earlier life he was a school teacher in North Carolina. Mr. Sapp's body probably will be taken to his old home near Concord, N. C., for burial.

RAILROAD WRECK IN GERMANY.

Among .Twenty Killed .Was Son .of Prince Henry.

By Cable to The Morning Star.

Berlin, August 8.—Henry Palas, Count von Plauen, son of Prince Henry VVVI., of Reuss, belonging to a collateral branch of the younger Reuss line, was among twenty persons killed in a railroad collision yesterday between Spremberg and Gorlitz, Prussia. The Count had only a remote possibility of succession to the government of Reuss-G. The stationmaster after he had dispatched one express train, realized that the other was moving a contrary direction, and had not reached the switch. He ran franticallyafter the disappearing train until he became exhausted.

A DEATH TRAP FOR MANY GIRLS

Collapse of Four Story Department Store, Carrying Down Hundreds of Employes

FIFTY OR MORE WERE KILLED

Many Rescued from Ruins and the Work Proceeded Last Night—One Hundred Are Still Missing—Cause of Crash.

By Wire to The Morning Star.

Albany, N. Y., Aug. 8.—The middle section of the big department store of the John G. Myers Co. in North Pearl street, collapsed early today, carrying down with it over one hundred persons.

Caught in a chaos of brick, plaster and wooden beams, between 20 and 30 men, women and children met death. Twelve hours' frantic work on the part of rescuers disentangled 50 people, six of them dead and many of the rest badly injured. Three bodies were in sight at a late hour tonight but many hours' work will be required to get them out. Anything like a complete list of the killed and injured will be unobtainable until the workers have made their way to the very bottom of the mass of the wreckage. With few exceptions those caught in the ruins were employes, a large majority of them girls.

The catastrophe occurred shortly after the opening hour when barely a score of shoppers were in the store. A clock found in the debris had stopped at 12 minutes before nine, showing when the crash came.

the head of the crockery glass and

The best account of the event that probably caused the ruin is giving by the head of hte crockery, glass and drug department which occupies the basement. "The workmen were sawing at a wooden floor beam," said he, "which runs underneath one of the central pillars in the middle of the store. Excavation for the cellar was going on about the base of this pillar, and I believe that jarring of the beam beneath it displaced the founadation of the pillar. The first thing I knew, two of the counters near the place where the men were working began to sag and several pieces of glassware slid off onto the floor with a crash. I yelled to my clerks to run for the front of the store. The words were not out of my mouth when there came a creaking and everything around us began to fall. The wreck came slowly, however, and I think every one in my department escaped, as well as the workmen."

The pillar which drew away, supported the ends of two giant girders, and when it fell, the main support of the central part of the building was gone. With a noise that could be heard blocks away and which shook the adjoining buildings, nearly half the great structure, from cellar to roof, and extending from one side wall to the other came grinding down. Into this cavern fell scores of employes who were working on the four floors above and lacked the warning which enabled those in the basement to escape. Some, however, were apprised of the danger by falling plaster and saved themselves by rushing to the front of the store or to the fire escape in the rear. Clouds of dust which shot out of the front entrance caused those outside to believe that the store was afire, and a fire alarm was immediately turned in. When the department arrived they had plenty to do in rescuing those who were pinned under the top wreckage and within an hour 15 or 20 persons were carried out, noae of them fatally injured.

In a short time the city's entire hospital and ambulance force was on the scene aided by half a hundred doctors from all parts of the city. The volunteer rescuers and the firemen continued the work until exhausted, when their places were taken by a wrecking force numbering 300 men from the New York Central and Delaware and Hudson railroads. These delved in the ruins all night but the work of rescue progressed slowly. When darkness came, it was estimated that nearly 50 persons still remained in the ruins and that not more than half of these could survive the weight pressing upon them. Fortunately the wreckage did not take fire. Some 100 persons are still unaccounted for, but 50 of these are cash boys of which the firm has no record and the loss of the payroll makes it difficult to get anything like a complete list of many others. In all the company has 400 employes but 50 of these are away on vacations.

The building which collapsed stands in the heart of the shopping district at Nos. 39 and 41 north Pearl street It is owned partly by the company and partly by the estate of the late David Orr.

The loss to the company is estimated at between $200,000 and $300,000. The building was a very old one, but until now considered perfectly sound. Extensive repairs were under way when the catastrophe took place. After the death of its founder, John G. Myers, two years ago, the business was conducted by a company consisting of George P. Hilton, H. King Sturdee, Edward F. Hackett and Robert M. Chalmers. Mr. Chalmers was taken from the ruins with slight injuries. About a month ago the firm was incorporated as a stock company.

GOVERNMENT CROP REPORT.

Cotton Improved in Section, But Has Generally Deteriorated.

By Wire to The Morning Star.

Washington, August 8.—The weekly crop bulletin of the weather bureau says:

Cotton shows some improvement in Tennessee, Western North Carolina, Northern Alabama, Mississippi, Arkansas, Oklahoma and Indian Territory, Northeastern Texas and portions of Louisiana, but elsewhere over the cotton belt the crop has deteriorated. The prevalence or rust is very generally reported from the eastern districts, and also from portions of the central and western districts. Boll weevils and boll worms are doing considerable damage in Texas and western Louisiana, but in the first named State they are less numerous. Picking is general in Southern Texas and in some central counties of that State and has commenced over the southern portion of the eastern districts.

Tobacco has done well generally, but needs rain and cultivation in Kentucky and sunshine in Virginia.

FIRE ON OCEAN STEAMER.

Valuable Cargo of Cotton, Tobacco and Lumber Damaged.

By Wire to The Morning Star.

Boston, August 8.—Captain Bond, of the steamer Kershaw, of the Merchants' and Miners' Transportation Company which arrived to-day from Baltimore reported that a fire broke out on the steamer during the trip, but that it was extinguished after five hours of hard work by the crew.

The damage to the cargo, which consisted principally of cotton, tobacco and lumber, was heavy. There was no panic among the passengers, despite the fact that the ship's officers, as a precaution adopted the measure of clearing away the life boats and provisoning them.

The fire was discovered about 3 A. M., yesterday while the steamer was off Winter Quarter Shoal. Smoke was detected issuing from the shaft alley and the blaze was located between decks aft.

The steamer was headed fro Delaware Breakwater and through holes cut in the saloon deck five streams were poured into the compartment. At 5 o'clock when just off Overfalls lightship, the steamer Dorchester of the Merchants' Line, bound from Providence for Norfolk, was sighted and was signalled to stand by and escort the Kershaw to the breakwater.

Three hours later, the fire on the Kershaw, however, was extinguished, and Captain Bond having signalled the Dorchester that her services were no longer required, resumed the course to Boston.

CLAUDE BERNARD RETURNS.

Gave $5,000 Bond at Raleigh Yesterday—State Fair.

(Special Star Telegram.)

Raleigh, N. C., August 8.—Claude M. Bernard, ex-United States District Attorney, returned to Raleigh this morning after five weeks voluntary exile from the State. He was accompanied by E. A. Lackey, a wealthy distiller of Hamlet. They went immediately to the office of Attorney W. N. Jones, where a deputy sheriff was in waiting, and Bernard accepted service and gave a $5,000 bond in the suit brought against him by H. C. Howell for $20,000 damages for the alleged seduction of Howell's minor daughter, Bertha.

There was no demonstration against Bernard, and he spent part of the afternoon in his office here. His bondsmen are E. A. Lackey, John Nichols, H. E. King, and T. F. Brockwell, the last three of Raleigh.

The return of Bernard is another chapter in the tragedy which occurred here June 21st, when Policeman Rogers shot and seriously wounded John C. Dockery, because Dockery and Bernard had accompanied the daughters of Rogers and Howell to a house of ill fame. Rogers has been released on a $5,000 bond and will have a hearing August 16th. Bernard, it is said, was anxious to be here before that hearing. The lawyers for Bernard are W. N. Jones and ex-Governor C. B. Aycock.

B. Frank Mebane, the wealthy cotton manufacturer of Spray, N. C., has accepted the place as chief marshall of the State Fair here October 16th to 21st, which will be attended by President Roosevelt. Mr. Mebane is a friend of the President and was a delegate to the last National Republican convention.

THE CHARLESTON QUARANTINE.

Sensible and Correct View of Situation By a Newspaper.

The following from the Charleston News and Courier is so pertinent to the situation in Wilmington that we re-produce it:

"The action taken yesterday by the Board of Health in declaring a strict quarantine against New Orleans and all yellow fever infected points will meet with the approbation of the people of Charleston. The danger is not nearly so great as alarmists and excitable persons would have one believe, but there can be no question in any one's mind that this is pre-eminently a case in which an ounce of prevtntion is worth a ton of cure Should a single yellow fever patient be imported here from New Orleans or elsewhere it would not necessarily mean that the disease would gain a foothold among us, but the damage done to the business interests of the city would be enormous. The proper thing to do was to do just what the Board of Health has done. And now that the quarantine has been declared, it should be, as it doubtless will be, intelligently but rigorously enforced. Much inconvenience will be occasioned many persons. There will be the usual efforts made by people who wish to evade the law. Complaints will be numerous from those who pretend to think themselves dealt with with undue severity. But these are matters of course are of small moment. If it was advisable to quarantine it is imperative that the utmost diligence should be employed in enforcing the rules. The Board of Health is entitled to the loyal support and co-operation of the people of the city, and it should and will receive both in any steps which it may determine to take."

THEO H. PRICE DENIES.

Made No Threat to Force Cotton to Nine Cents.

Special Star Telegram.

New York, Aug. 8.—Will you do me the justice and courtesy to publish the following:

I notice in the New York Sun of this morning a dispatch dated Sherman, Texas, in which Col. B. E. Smith, President of the Southern Cotton Association, is reported to have received a telegram from his New Orleans representatives stating in substance that "Theo. H. Price had wired parties in New Orleans to the effect that he had Wall Street solid at his back in a determined effort to force cotton to nine cents and lower this week."

The dispatch, it is said, was concluded by the statement that "the Southern Cotton Association must be crushed now." Permit me to say that I have sent no such dispatch, nor have I in anyway so expressed myself. On the contrary, I believe that the Southern Cotton Producers' Association, if that is the organization that Col. Smith represented, can be made a very effective aid to the Southern planters in the handling of their crop. Further, I am not engaged in any effort to depress the cotton market, which now seems to me in a condition of equipoise and stability that ought to be equally satisfactory to both producer and consumer if maintained.

THEODORE H. PRICE.

Don't Fail to attend the mid-week dance at Carolina Beach to-night.

Spend this evening at Lumina, the finest pavilion in the South.
